Disclaimer:

JHS Community is a 501(c)(3) non-profit Health Care Sharing Ministry (HCSM). The members of JHS Community voluntarily share in one another's eligible medical needs based on the acceptance of the Information Guide (IG). All members accept responsibility for their own medical needs as JHS Community is not an insurance company and is not regulated as insurance. Any program or offering from JHS Community should not be considered a substitute for an insurance policy. JHS Community nor any member of JHS Community assume any legal obligation to share in the eligible medical needs incurred by any other JHS Community member.

Welcome to *jhs community!*

JHS Community is a 501(c)(3) nonprofit Health Care Sharing Ministry (HCSM).

JHS Community consists of individuals and families that believe in a common set of Religious and Ethical Beliefs and who choose to inspire grace and compassion in others. Our members voluntarily contribute and share in the financial burden of one another's eligible medical needs according to these beliefs, and the Information Guide (IG).

JHS Community membership is cost-effective and allows our members to choose from a variety of sharing options that fit their needs and budget. Just a few of the options provided are everyday office visits, child and adult wellness services, inpatient hospitalization, outpatient surgery, and much more.

The focus within the JHS Community is to ensure that all members have an exceptional experience being part of the JHS Community.

Again, we are honored that you have chosen to put your trust in us and become part of the JHS Community.

STATEMENT OF RELIGIOUS AND ETHICAL BELIEFS

I **believe** every member has a fundamental and religious right to worship God in their own way.

I **believe** it is my religious and ethical obligation to share in the burden of others when they need assistance according to my current resources and opportunities.

I **believe** in sharing in a common, caring community of like-minded individuals with the need to come together regardless of race, age, gender, or political affiliation.

I **believe** it is my obligation to care for my family, and that emotional, mental, and physical abuse of any kind to a family member, or to anyone else, is morally wrong.

Understanding the Details of Your Membership

JHS Community has created this Information Guide (IG) to assist the members in understanding and learning the details that surround their membership. This will help ensure all members get the most out of their program they have enrolled in and how to best utilize their JHS membership. Please refer to the Table of Contents for faster access to the information you are seeking. Again we are honored that you have chosen JHS Community.

Enrollment Acceptance

Community members are responsible for submitting a one-time enrollment fee once their enrollment application is successfully processed. Members will receive an electronic copy of their Enrollment Application Summary and a Member Agreement Form in their email prior to the program effective date. Once the member accepts the terms listed in the Member Agreement Form and confirms their Enrollment Application Summary is correct, a Welcome Email will be sent to the email address on file within 24-hours of their enrollment date. The Welcome Email contains information that includes but is not limited to, membership details, electronic member ID cards, access to the Information Guide (IG) through the member portal, and access to their ShareBox, etc.

Monetary Responsibility by Member

MONTHLY CONTRIBUTION CALCULATION

Your monthly contribution is calculated based on the age of the oldest enrollee applying for JHS Community who will be the primary member. The monthly contribution will be based on the age of the oldest enrollee along with the number of additional enrolling members. The monthly contribution is subject to change based on the primary member's next birthday. If a member uses nicotine or tobacco products of any kind, the membership will be accessed an additional fee, added to their contribution every month. If it is discovered that any member uses nicotine or tobacco products, this additional fee can be added to the monthly contribution at that time and the primary member will be notified of the increase in their monthly contribution.

RECURRING MONTHLY CONTRIBUTIONS

All monthly contributions will be automatically drafted using the funding method on file five (5) days prior to statement date. By enrolling in a JHS Community program, members authorize JHS Community, in writing, to automatically draft and process their monthly contributions each month using the funding method on file until their membership is canceled by the primary member as outlined in the cancellation guidelines listed on page seven (7). If a monthly contribution cannot be processed on the first try, members authorize JHS Community to re-process their monthly contribution up to five (5) times prior to the next statement date to prevent their membership from becoming inactive.

Failure to submit your monthly contribution by your next statement date will result in your membership becoming inactive and eligible medical needs will be ineligible for member-to-member sharing for the period the account was inactive. If monthly contributions due are not submitted in full 30 days from due date, your membership and services will become inactive as the last day that your monthly contribution was applied to.

MEMBER RESPONSIBILITY AMOUNT (MRA)

A member's Member Responsibility Amount (MRA) is based on their enrolled program. MRAs are applied per member, per membership year not to exceed three family members in a family membership. A member is responsible for satisfying their MRA before their Additional Member Responsibility Amount (AMRA) may apply.

ADDITIONAL MEMBER RESPONSIBILITY AMOUNT (AMRA)

A member's Additional Member Responsibility Amount (AMRA) is 50% for Distinct or 20% for Diverse programs of the next \$10,000 per member, per membership year and is based on their enrolled program. After a family satisfies their AMRA of \$15,000 for Distinct or \$6,000 for Diverse programs, no further AMRAs will be assessed to the family for the remainder of the membership year. This does not include amounts applied to the member's MRA or any Visit Fees. Dynamic members do not have an Additional Member Responsibility Amount (AMRA) to satisfy.

Cancellations and Refunds

VOLUNTARY CANCELLATION

All cancellations must be made in writing via email to memberservices@jhscommunity.org or by calling Member Services at (866) 414-4939. The primary member and/or authorized representatives with valid, executed legal documentation may cancel the membership. The email must include the primary member's full name and member ID number. To avoid being billed for next month's monthly contribution, all cancellation requests must be received no later than five (5) business days prior to the next statement date of the 1st or the 15th based on the member's account. Cancellation requests received after this time frame will be canceled as of the last day before the next statement date.

INVOLUNTARY CANCELLATION

If a member's monthly contribution is not received within the specified time frame above, the membership will become inactive. If involuntary cancellation occurs, the primary member and eligible dependents must wait at least 90 calendar days from their cancellation date before re-enrolling in a program or offering.

REFUNDS

All requests for refunds prior to the next statement date must be made in writing via memberservices@jhscommunity.org or by contacting Member Services at (866) 414-4939 five (5) days prior to their statement date.

If a member is not satisfied with their membership, they may cancel within 30 days from their effective date and may be eligible to receive a full refund of their monthly contribution submitted plus the enrollment fee. If any medical needs have been processed as eligible for member-to-member sharing, by the membership and/or the member utilized any services of the programs the member will not be eligible for a refund.

Timely Filing Limits and Review of Records

TIMELY FILING

To ensure your medical or dental needs are processed in a timely manner, please ensure you and your provider understand JHS Community's timely filing practices.

1. Initial submission of a need(s): JHS must receive within 180 days from the member's date of service.
2. Secondary submission of a pended need(s): JHS must receive secondary submission within 60 days from the date of the JHS Community's Explanation of Sharing (EOS).
3. Updated need(s): JHS Community must receive updated needs within 180 days from the date on the initial submission. These needs must be clearly marked "UPDATED" directly on the UB04 or HCFA form.

Friendly Reminder: screenshots or print screens will not be accepted as proof of timely filing. Needs submitted to JHS Community after the above timely filing limits have passed will not be considered for member-to-member sharing.

REVIEW OF MEDICAL OR DENTAL RECORDS

Any medical or dental need(s) submitted for member-to-member sharing are subject to a pre-existing condition review, including but not limited to conditions previously identified on the member's enrollment application. JHS has the right to request records for medical or dental needs for any relevant medical history that may be needed to determine if a need submitted is eligible for sharing. Pre-existing needs that receive member-to-member sharing as part of an office visit or by an error in processing, will not constitute that the pre-existing condition waiting period does not apply.

Dependent and Program Changes

ADD OR REMOVE A DEPENDENT

Eligible dependents must be at least 30-days old and have not reached their 26th birthday in order to be added to your membership. An Enrollment Application must be completed. This may change your monthly contribution.

MEMBERSHIP FOR CHILD/CHILDREN ONLY

JHS Community offers all programs for families or their dependent children only with the authorization of a parent or the legal guardian. The oldest child will be listed as the primary member and the parent/guardian will be the authorized parent/guardian contact on behalf of the dependent(s).

CHANGING PROGRAMS

If a member chooses to change the program in which they have enrolled, they may be subject to a new 90-day and pre-existing waiting periods. Members may be required to complete a new enrollment application. Adding or removing a dependent is not considered changing programs. Please contact Member Services for current requirements.

Maximum Age Reached

Members may remain active on JHS Community membership until their 65th birthday or a dependent child may remain active until their 26th birthday, except for disabled dependents as per SSA standards. A dependent child may choose to roll onto their own membership at that time as the primary member.

Renewal of Programs

Distinct, Diverse and Dynamic Programs will begin on the member's effective date and continue to renew month-to-month until the member cancels or membership is canceled on behalf of the membership.

Fiduciary Responsibility to Membership

The following may be applied or requested on behalf of the members to uphold our fiduciary responsibility to the membership. JHS Community takes this responsibility seriously and with that we must make sure the members are participating in these efforts and understand this Information Guide (IG) may be updated as needed on behalf of the membership.

ADDITIONAL CONTRIBUTION REQUEST

JHS Community maintains fiduciary responsibility to its members. If eligible medical needs exceed the total monthly member contributions received, JHS may request an additional contribution from members in addition to their regular monthly contribution and may be requested for multiple months as deemed necessary. Additional contributions will be applied solely to any eligible medical needs submitted on behalf of any member. JHS must notify the members at least 15 days before their next billing statement by email or text messages.

COORDINATION OF SHARING

JHS Community will share member-to-member on eligible medical needs **only after all other available resources have been used.**

If your medical needs are covered by other resources—such as health insurance, Medicare, Medicaid, Veterans Affairs benefits, TRICARE, private grants, or any responsible third party (including workers' compensation, auto, homeowners, or employer liability insurance)—those resources must be applied first. Member Responsibility Amounts (MRAs) and member-to-member sharing apply only after all discounts and payments are made to the provider.

If a medical need is later paid for or covered by another source, JHS Community may recover any member-to-member sharing amounts provided on your behalf.

Members must cooperate with the JHS and provide requested information. Failure to respond within 90 days may result in the medical need becoming ineligible for sharing.

JHS Community will share member-to-member only after available health insurance, or any other responsible third party has processed your need(s). If you obtain, cancel, or change insurance coverage, you must notify JHS Member Services. Proof of coverage and an Explanation of Benefits (EOB) are required before sharing can occur.

SELF-PAY REVIEW OF MEDICAL NEEDS

Eligible medical needs with a shareable or billed amount of over \$10,000 will be reviewed by the JHS Self-Pay Concierge Team. This team works directly with your medical provider to help secure the best possible self-pay discount on your medical bills.

All JHS members are required to cooperate with this Concierge Team during this process. You may be asked to provide additional information, complete specific forms, or submit financial assistance applications. This information allows the team to effectively advocate for the highest available discount with your provider.

Your participation is an important part of the member-to-member sharing process. If you do not respond to requests for additional information within 14 days, your medical need may become ineligible for member-to-member sharing.
